

Dub Pistols Premium Grade CBD Oil

Dub Pistols CBD Oil gives you results quickly and easily.

Each dropper contains our highest quality broad spectrum, THC free, phytocannabinoid-rich hemp oil mixed with organic coconut MCT, brimming in natural cannabinoids, terpenes, flavonoids and phytonutrients.

Our CBD oil has a wonderful light taste compared to the competition's strong, grassy taste because our proprietary extraction process removes unwanted waxes, chlorophyll and THC.

Feel like yourself again; take joy in your optimal health.

Dosing

CBD is a self-dosing compound which means you find the optimum dose that best suits your health needs.

Simple and safe to use sublingually, under your tongue, day or night, for an ideal blend of oils and triglycerides.

You simply begin with 1/4 of a dropper, up to a dropper full, morning and evening. Squirt under your tongue and hold for 1-2 minutes for better absorption. Gradually increase every couple of days, until the symptoms you are trying to address show improvement. When the symptoms have resolved, you have arrived at your optimum dose. For more significant, chronic health issues, it is likely that more prolonged use may be necessary.

The Life Spark graduated dropper gives you a precise measurement of CBD.

Do not exceed 200 mg per day.

This product is a food supplement and is not intended to diagnose, treat, cure or prevent any disease.

If you are pregnant or taking any medications, please consult a doctor before use. If adverse reactions occur, discontinue use and consult with your doctor.

Keep out of reach of children.

Warning

If you are pregnant or taking any medications, please consult a doctor before use. If adverse reactions occur, discontinue use and consult with your doctor.

Keep out of reach of children.

Store at room temperature and away from direct sunlight. 18 months shelf life.

Lab results

A rigorous testing scheme using chromatography and 3rd party testing is followed.
